Subject: RE: OUR DELTA

Dear Dr. Michael and fellow committee members,

Thank you so much for your outstanding and thorough presentation of the draft, which gave us insight into all the different facets of protecting our delta.

My husband and I have nothing to add at this point, but will be more informed in the future, when it comes to voting. We will also be more aware of any upcoming changes.

I represent "the Village at New York Landing" in Pittsburg, where we live, and I have posted your information on our website and given this email address to encourage any input ASAP.

Again thank you, and keep up the excellent work.

Sincerely,

Annette Jenkins (a former river rat and Delta College graduate)
